

# NOVA 6K

## Powerful 6000 lumen COB LED work light

NOVA 6K is a universal all-round work light giving you endless application possibilities in every working environment.

Compared to the previous version, NOVA 6K has been upgraded from 5000 lumen to 6000 lumen, providing much more light. The light dimmer function makes it possible to adjust the light into five different levels.

The sturdiness of the new NOVA 6K makes it endure the rough, wet and dirty environment at the construction site, and can be used for outdoor work under all kinds of weather conditions. The unique COB LED technology delivers extremely high light output, with a uniform and completely even illumination. The CRI value is close to that of daylight, and the NOVA housing is made of a robust diecasted aluminum, resistant to strong strokes, shocks and vibration – perfect for a working environment.

The NOVA design is elegant, with an integrated carrying handle and a stand for direct mounting on the SCANGRIP TRIPOD.
